Letter No 8490-91/E dated 10-6-1946 from the Chief Engineer for Irrigation.

Requests, in the circumstances reported therein, that the break in service, viz, from 28-8-1933 to 15-9-1933 of Mr K.S. Ramanathan, Electric Operator, Wax Supply Division, may be condoned.

The Comptroller & Govt may be consulted in the first instance as the proposal of the CE 7. It is not clear whether the Elec Operator is borne on the list of the Elec Depts. This perhaps necessary in the interests of efficiency & that he should be borne on the Elec Depts establishment and incumbents changed as and when found necessary.

The Secretary to Government,
Public Works Department,

Break in service of Mr.K. S. Ramanathan, Electric Operator.

I have the honour to state that in connection with the construction of Thippagondanahally Water Works, the services of Mr.K. S. Ramanathan, Electrical Operator were entertained in the Department and that on completion of the works, the Operator was relieved on 27-8-1933 and directed to report for duty to the Chief Electrical Engineer, as there was no place for him in the maintenance Sub Division. The Chief Electrical Engineer however, did not take the Operator on duty, but directed him to see the Chief Engineer, as there was a proposal to entertain this man against the sanctioned place of Rs.75-10-125 though Mr. Ramanathan was getting only Rs.50/-. Later on, approval was accorded by the Chief Engineer in his letter No.274 dated 14-9-1933 to continue Mr. Ramanathan on his pay of Rs.50/- against the sanctioned scale of Rs.75-10-125 from 1-7-1933 and the Operator joined duty on 16-9-1933. Thus, there has been a break from 28-8-1933 to 15-9-1933 in Mr. Ramanathan's service. As this interruption is not in any way due to the fault of the Operator, the Executive Engineer, Water Supply Division recommends that the break in services may kindly be condoned so that the service rendered by the Operator before interruption can be counted.

2. In these circumstances, I request that sanction of Government may kindly be communicated to condone the small break in service of the Operator from 28-8-1933 to 15-9-1933.

I have the honour to be,

Sir,

Your most obedient servant,

CHIEF ENGINEER FOR IRRIGATION.
